

A large group of students, mostly young men, are standing in a dense, grid-like formation outdoors. They are all wearing bright yellow t-shirts. The students are looking directly at the camera with neutral expressions. The background is slightly out of focus, showing more of the same group extending into the distance. The overall scene suggests a school event or a team photo.

How to run an effective student organisation

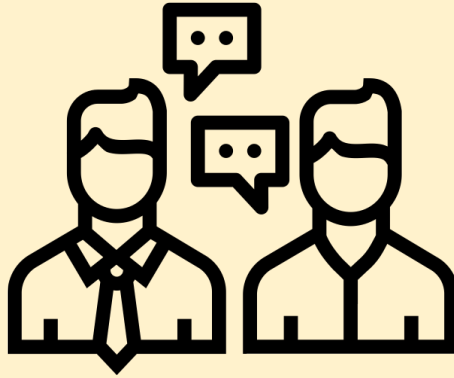

Community Leadership

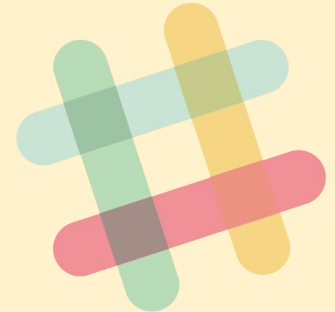

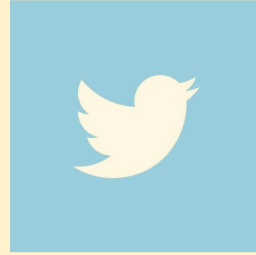

1. Community **leaders**
need to **stand out** in
the crowd

Communication Tools

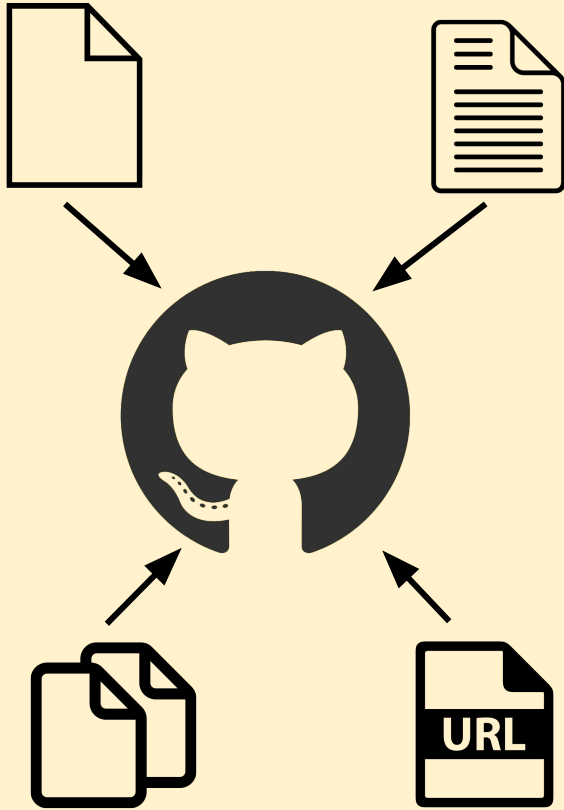

2. Pick the ones that are **commonly used by your members**, ~~not the ones that are just popular~~

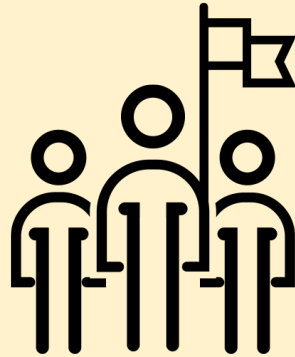

Storing resources

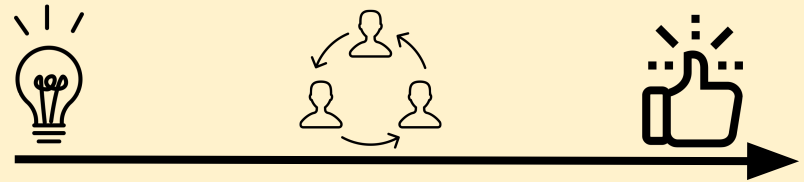

3. Your resources are not blockchain - there's **no use** to have them **decentralized**

Community culture

4. Learn, create, **share**
and **kudos**!

Make use of all these tips to
make your **organization**
more **powerful**
